About Tutor Perini Corporation

Tutor Perini Corporation is a leading building and civil construction company offering diversified general contracting and design-build services to private clients and public agencies. The Company has provided construction services since 1894 and has established a strong reputation within our markets by executing large complex projects on time and within budget while adhering to strict quality control measures.

Tutor Perini Corporation offers general contracting, preconstruction planning and comprehensive project management services, including the planning and scheduling of the manpower, equipment, materials and subcontractors required for a project. We also offer self-performed construction services including excavation, concrete forming and placement, steel erection, electrical and mechanical services, plumbing and HVAC.

Core competencies and resources enable the Tutor Perini Building Group to meet the needs of specialized niche markets. Our building operations focus on large, complex projects with aggressive schedules in the sports, hospitality and gaming, transportation, healthcare, education, corrections and government markets.

The Building Group's Operations include Anderson Companies, James A. Cummings, Inc., Keating Building Company, Rudolph and Sletten, Inc., and Tutor Perini Building Corp. Prior to September 2008, the building entities were wholly-owned subsidiaries of Perini Corporation, a 118-year-old publicly held company. On September 8, 2008, Perini Corporation completed a merger with Tutor-Saliba Corporation. Today, Tutor Perini Corporation is traded on the New York Stock Exchange. Capitalizing on core strengths, Tutor Perini provides the individual building companies enhanced opportunities for growth through increased size, scale and management capabilities; immediate access to multiple geographic regions; and increased bonding capacity.
